THIS SOCIETY will receive proposals for Life Assurance, through the undersigned, as its Agent for this City, on terms highly favorable to applicants.

Prospectuses may be had on application, together with blank forms of proposal, and such other information as parties may desire.

The following are among the advantages offered by this Institution:—

The Guarantee of a large capital securely invested.

The peculiar Benefits secured by the principle of the Loan Department.

The payment of Premiums Half-Yearly or Quarterly, by parties assured for the whole term of Life.

Thirty Days are allowed after each payment of Premium becomes due, without forfeiture of Policy.

Part of the Capital is permanently and securely invested in the United States.

Wives may insure the lives of their husbands for their own and the benefit of their children.

The assent of the Society is not necessary to a transfer of the Policy.

For all practical purposes, this Agency is essentially an American Company, strengthed by a large bona fide Capital safely invested in London; equally available to American as to British policy holders. All losses are settled by the New York Board, and paid by bills drawn on the London Office. Thus the Guarantee Fund in New York remains untouched, so that in case any disputes should arise between the society and policy holders, funds are on the spot, subject to the control of our Courts.

Medical Examiners fees are paid by the Society.

WOULD call the attention of the Public, (and his old Friends and Customers in particular,) to his large and extensive stock of

Wines, Liquors & Cigars,

Purchased by himself in the City of New York, within the last month, FOR CASH, at prices from 25 to 33 per cent less than formerly paid through partners, and I can assure my customers that the Liquors that I now offer, have not passed through second hands; on the contrary, I saw all my goods sealed for shipping, and turned out of the CUSTOM HOUSE; therefore, I can say with confidence, that my Liquors are PURE.

I have marked my Goods very low, and have therefore adopted the

ONE PRICE SYSTEM,

and no deviation from the price first asked; giving those who are not judges of the article, an equal chance with those that are. Every cask will be marked with the price. My arrangements are now completed for the importation of my Fall Stock, when I shall be able to fill orders in New York on still more favorable terms than formerly.

Having been three years in business in this city, I flatter myself that my selections will meet the wants of this market. My assortment of CHOICE SEGARS is complete, and my stock of LIQUORS comprises over 1000 original Casks of the most approved brands of

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the [illegible] notices through the papers of the Stationary Knife [illegible] Machines attempted to be palmed off upon several [illegible] ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A similar machine was patented in this country by one Kugler, some [illegible] teen years since, and another one put up by [illegible] ards of West Troy, N. Y., and abandoned about that time. It ought to satisfy the public to know that after eight years experimenting upon these machines, not one is of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use or to any offered by the pretending inventors, at the cost of the machine and five per cent for any [illegible].

JAMES G. WILSON,
May 19, 1849. Philadelphia."

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine operated in the month of August, 1848, and no machine before this could do so much work, and do it so well as this. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will here pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better, than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

RUFUS KING & CO.

OFFICIAL PAPER OF THE CITY.

"Saint Harrison!" —The *Commercial* made so much capital out of the "Abolition" cry it raised against Mr. Farwell, during the recent canvass, that it seems loth to part with so effective a weapon. In Saturday's issue, it flourishes this formidable club over the heads of the whigs, in this wise:

> They have got a full blooded abolition Governor here, who goes in strong for a repeal of the compromise measures of Congress—against Henry Clay, against Webster, against all those who did their best to carry out the peaceful measures of the last Session. Now is the time to send on the Farwell abolition letter.

Mr. Farwell's Abolitionism, which worries the life out of the *Commercial*, hath this extent, "no more," that he is in favor of abolishing Slavery "wherever it exists under the exclusive jurisdiction of Congress." Nine-tenths, and perhaps even a larger proportion, of the People of this State, hold to the same opinion. A handful of Hunkers, with the *Commercial* and Sheboygan *Democrat* as their appropriate organs, are for maintaining Slavery wherever it now exists, and will offer no resistance, or remonstrance, to its extension into Territory now free. Mr. Farwell has neither the power, nor the will to disturb any of the "peaceful measures" of the last session, which have operated so like a charm, quieting all Slavery agitation. Of the Fugitive Slave Law, indeed, he has expressed the opinion that it is radically defective, and ought to be repealed, but he leaves the question, where it belongs, to the Congress of the United States. *All* the members of that Congress from this State have avowed, and *are pledged* to, the same views which Mr. Farwell entertains, and which the *Commercial* denounces as Abolitionism. If he is an Abolitionist, so are Senators Walker and Dodge, and Representatives Durkee, Doty and Eastman; and so, in short, are the People of Wisconsin: for while few among them deny or question the Constitutional right of the South to reclaim "fugitives from service," still fewer can be found to yield their unhesitating approval of the law passed to enforce that right.

Cured to Death.

They tell a curious story of a quack doctor, who once on a time visited Syria, and acquired in a short time an extensive practice by his unblushing effrontery. He was much given to administering emetics, and having a very delicate patient, resorted as usual to this method of cure, leaving in the hands of the patient's brother three strong doses of emetic, which he directed should be administered at intervals of three hours. The brother, finding the first powder had no effect, gave the [illegible] invalid the remaining two within five minutes. The result was violent sickness, succeeded by spasms and cramp, which in a few hours terminated fatally. Next day the doctor was not surprised to learn on inquiry, that his patient was dead, and evinced his concern in his face. "Never mind," said the brother, "it was so fated; but, Mashalla, you are a great doctor; the medicine you gave never ceased operating till the moment of my brother's death."

The performances of this begus son of Hippocrates have been outpassed by his greater successor here. The *Commercial* continued to dose its patient, the Don, till the moment of death, the last dose being administered even when he was *in articulo mortis*.

☞ The *Sentinel*, for which we do not blame it, seems disposed to indulge in the exhilaration and exultation of success. We can merely say that if the tables are turned, and in a different [illegible] *should probably be disposed to do likewise.*—*Com. of Saturday.*

We are bound to believe what the *Commercial* says of itself, that if victory had inclined to *its* side, it would have indulged "in the exhilaration and exultation of success." But we beg leave to disclaim any such purpose ourselves. We desire to triumph not *over* but *with* our fellow-citizens, of all parties, in the glorious result of last Tuesday's election. Those who are "insolent" in victory, are usually abject in defeat. The Whigs of Wisconsin have borne reverses well, and will, we hope and trust, enjoy their success with moderation, and rejoice over it only because they believe that it will redound to the honor and prosperity of our noble State.

Illinois Election.—The election in Illinois, on Tuesday last, was for County Officers. The General Banking Law, passed by the last Legislature was submitted, at the same time, to the judgment of the People. As far as returns have been received the vote is decisive in favor of this Law. It would seem, too, that the whigs have gained handsomely on the County tickets. We extract a few "specimen bricks," from the returns in the last Aurora Beacon.

> The Whigs of Old Kane have done nobly.—They have elected their entire ticket, by at least *two hundred and fifty majority!* The county gives over *one thousand majority* for the General Banking Law!
>
> Ottawa.—120 majority for Bank Law. 220 majority for whig Treasurer.
>
> Kendall County.—Majority in favor of Banking Law 400, and for whig Treasurer 150.

Good Intentions Frustrated.—The Madison *Express* comes to us in ecstasies over the victory achieved in the election of Mr Farwell. It is graced with a huge "rooster," cut expressly for our friends of the *Argus*, to celebrate their expected victory. The *Express* says:

> For the unusual display of the emblems of victory, which we give today, we are indebted to our kind neighbors of the Argus. We received them from that office this morning with the compliments of the editors. They also inform us that the beautiful Rooster was engraved for the express purpose of being used on the announcement of Upham's election as Gov. When they shall have occasion to make that announcement, they can call on us for that "same old Coon."

Liberal Offer.—The St. Johns *Royal Gazette* contains an advertisement offering £1000, to be paid yearly for three years, to any person or persons who will run monthly for nine months in each year, a steamer between Great Britain, St. Johns, and the United States, the amount to be paid on completion of the service. If a screw steamer, she must not be less than 130 horse power, and if a paddle steamer, not less than 280. The duty on coal taken in at St. Johns, and used on board such vessels will be remitted on satisfactory proof. Application to be made to the Colonial Sec'y of Newfoundland.

Leggett's Gap R. R.—The Leggett's Gap Railroad, extending 58 miles from the Lakawana coal beds, at Scranton, Pa, to Great Bend, on the Erie Railroad, was opened on Monday last. The completion of this spur to the great thoroughfare presents a new era in the enterprise of Western New York. Coal will now in a great measure supercede wood as the ordinary article of fuel in the cities. The supply for the present season, some 45,000 tons, has been ready for shipment for a month past, and is now probably on its way to consignees.

The Telegraph Case.—The opinion of Judges Grier and Kane sustains each and all Morse's patents in every particular, and decides that he was the inventor of the art of telegraphing by recording at a distance by means of Electric Magnetism, and as such, is entitled to protection, and the Bain line infringes upon his claims. The court directed a decree and injunction to be prepared by the complainant's counsel in accordance with prayer of the bill.

Failure.—The Lexington, Kentucky, Insurance Company has failed and made an assignment.—So says a despatch, dated Louisville, November, 3rd.

Louisiana Election.—Returns from the election in Louisiana indicate the election of two Whig Congressmen, Lewis St. Martin in the 1st district, and J. Landry in the 2d. New Orleans has gone handsomely whig throughout.

Four more members would give us a clear whig majority in the Assembly, and the probability is now that we shall have them, if not more.

THE SENATE.

IId District, Sauk &c., James S. Alban, W.

The remaining districts which elect this year, are the following, with the name of the candidates:

VIth District, J. D. Merritt, w; J. C. Squires, l. The county division question will probably lose us the Senator in this district.

VIIIth, Hiram Rust is the Whig candidate, and is probably elected.

Make Room for Rock County!

Arms at Boston.—The *Traveller* states that for the defence of the port of Boston, and also for the supply of the United States steamers and other vessels stationed there, or built, or to be built in that quarter of the country, there are deposited in the Navy Yard in Charlestown, not less than *seven hundred cannon*.

NEW YORK ELECTION RETURNS.

From the complexion of the returns thus far received, we think that the Whig State Ticket is elected throughout by a handsome majority.

The Senate will be very largely Whig. As to the Assembly, the Whigs have lost considerably in New York city, and in some of the counties, by unfavorable "influences," but they gain in so many of the Canal counties, that it seems certain to have a good working majority. The Union Committee's movement has, as was predicted, brought about a disastrous result in New York city and Brooklyn, but it is well for the Empire State that she looks to Western New York to draw on for any deficiency. We make up as full an abstract as we have room for:

New York City.—Wright, Loco, 8,195; Patterson 5,962; Randall, Loco, 9,048; Foote 5,293; Chatfield, Loco, 8,519; Ullman 6,548; Welch, loco, 8,253; Cook 6,525; Wheaton 8,212; Fitzhugh, loco, 6,551.

The four loco Senators are said to be elected.—Also a majority of the 16 Assemblymen. The locos elect 15 out of the 19 Aldermen: in the 19th ward the ballot boxes were destroyed in a row.

Erie Co.—Whig State ticket about 2000 maj. Whole whig County ticket elected—whig Senator, and 3 out of 4 Assemblymen.

Chautauque Co.—Whig majority 1500—whig Assemblymen all elected.

Orleans—3000 Whig maj.—whole ticket elected.

Niagara—750 " " 1 Whig and 1 loco to Assembly.

Wyoming and Livingston very heavy whig majorities.

Monroe, 1200 whig.

Cayuga—Very heavy whig majorities all through. Beach, whig Senator 700 maj. Blatchford W, for Judge 325 majority. 3 Whig Assemblymen.

Onondaga—Wheaton, Chatfield, Welch, and Johnson will have 1000 majority in the county. Assembly divided.

Oneida—whig by 500—whig senator and two assemblymen.

Tompkins—whig gain for Senator 300. Chemung elects 1 whig to assembly.

Herkimer—100 loco maj. Oswego elects 2 whigs to assembly, whig on state ticket 500 maj.

St. Lawrence—reported 100 loco maj. Jefferson elects 1 whig to assembly.

Montgomery—400 whig—elects 2 whig assemblymen. Steuben divided. Wayne 220 loco. Schenectady 300 whig.

Albany—loco on state ticket 250—2 whigs and 2 locos to assembly.

Rensselaer—500 whig on state ticket—3 whig assemblymen—whig Senator.

Ulster—large whig gain. Broome 50 locos. Tioga 150 maj. Yates reported 250 maj.

Ontario Co—Canandaigua, whig majority on State ticket 229, Hunt's majority last year 212. (where are Granger & co?) Seven other towns give the whig State ticket 618 majority. Last year Hunt's majority in the same towns was 715. Parce, the whig candidate in the 2nd district, is defeated. On the Judiciary ticket, doubtful. Geneva, 180 whig on State ticket.

1st Assembly, Dist, Runyan, Dem, probably elected.

The Break in the North.—Depere, Brown Co. gives Farwell 38 majority for Governor! The *Advocate*, which, although democratic, was true enough to its convictions of right to oppose Mr. Upham, thus joyfully alludes to the auspicious result:

> Bravely and manfully have the Depere Democracy fought through the recent election, and now they can rest on their oars, and review with proud pleasure the part they have acted in the exciting scene. "Mum" or "on the fence," cannot be laid to their charge. They have proclaimed with bold candor, their position to the world.

"Hark! from the Tombs."—At the recent State election, the Janesville Assembly District, Rock County, voted as follows: W. A. Lawrence (Whig) 647, A. T. Gray (Dem.) 250—majority for Lawrence 396! Hereupon Mr. Gray, for the comfort of his disconsolate friends, made the following affidavit:

State of Wisconsin, } ss.
Rock County, }

Alexander T. Gray, being first duly sworn, doth depose and say, that on the 4th inst. he was before the people of the First Assembly District in Rock County, as a candidate for a seat in the next Legislature of Wisconsin, to assemble at Madison on the Wednesday after the first Monday of the month of January next, and that although "run into the ground," he still survives in the hope of a joyful resurrection.

ALEXANDER T. GRAY.

Subscribed and sworn before me this 5th day of November, A. D. 1851.

James Armstrong, County Judge.

City Matters.

COMMON COUNCIL PROCEEDINGS.

Friday Evening, Nov. 7—7 P. M.

Quorum present.

Sundry small accounts referred to their appropriate Committees.

Accounts were also allowed from the General City Fund by the Finance Committee, and others from the 1st, 2d and 4th Wards.

Several communications were received, among them one from D. P. Hull and others, of Cincinnati, Ohio, proposing to build at their own expense, suitable works for supplying this city with water from the Lake, for the use of the citizens and the Fire Department, and asking such rights and privileges as are usually granted in such cases.

This petition was referred to a committee consisting of Ald. Daggett, Comstock, McCormick, West and Sweet.

Communications were also received from A. Mitchell and A. Pruyn, on the subject of the interest on City bonds.

Ald. Sweet, from Committee on the Police reported in favor of allowing J. B. Smith $200, as indemnity for damages received by the property of the latter, at the riot of March 7th, 1850, which was adopted.

A schedule of special side walk taxes was presented from the 4th Ward, and taxes ordered to be levied accordingly.

A resolution was put, to change the time of the meeting of the Board, from 2 o'clock P. M. to 7 P. M. Lost.

Mr. Finch resigned his post as School Commissioner of 2d Ward.

The Council adjourned to 11 A. M. on the 8th inst., for the purpose of disposing of the question on providing interest on City bonds.

Theatre.—The performances at the Theatre, *this* evening, are for the benefit of Mr. H. T. Harris, who offers for the occasion a good bill. The pieces are the "Golden Farmer," and "the Floating Beacon;" the part of Harry Hammer, in the former, by Mr. J. B. Hunt, the well-known Auctioneer, who has volunteered his services for the benefit of his friend, Mr. Harris. There will be a *rush* to see Hunt on the stage!

"Two for a York Shilling."—An odd genius, of the Razor-strap-man-order, created a marvellous excitement on Saturday among children of both a small and large growth, by his indefatigable efforts to dispose of capital timepieces with gold chains attached, warranted to be right twice a day.

Half of the boys in town are sporting their coils of gold watch chain since.

Change of Hour.—The Chicago *Tribune* announces that hereafter the *Arctic* and *Pacific* of the Central Railroad line, will leave their dock in Chicago for this city at 8 o'clock, A. M.

This will bring their passengers and mails here in good season in the evening. The *Pacific* arrived at 5½ o'clock on Saturday evening.

Illinois' vote on Banks.—So far as the returns had been received in Chicago on Friday there was about 6000 majority in favor of the General Banking Law.

LATER BY THE EUROPA AND FRANKLIN.

Germany.—The King of Hanover is recovering from his late illness. The Government of Saxe-Coburg has prepared a constitution for the Duchies of Coburg and Gotha, hitherto under a separate administration. The constitution was as liberal as at present the conduct of the people of Germany will permit. It enacts only one legislative assembly for the two Duchies. In respect to succession to the throne, it states that Prince Albert, the husband of the Queen of England, shall be called to it, and that he may nominate a Governor if he declines to fix his residence in the Duchy and if at any time a reigning Duke ascends a foreign throne, he shall recall that of the Duchy.

Vienna, Wednesday, Oct. 15.

The Frankfort *Ober Post Amts Zeitung* confirms the accounts you have recently received from here concerning the projected reorganization of the political institutions of this country. A *Reichs Senat* (Senate of the Empire) is to be formed, which will consist of the Princes of the Imperial house, of the Bishops, of the highest members of the "historical" nobility, as hereditary senators, and of a number of persons enjoying the confidence of their fellow-citizens. Consulting "*Landstande*" (Provincial Estates) will also be formed in the different Crown Lands, on the ancient plan of the four *Curia*; that is, of prelates, high nobles, baronets, (*Ritter*,) and citizens and peasants. The members of the ante-March "*Stande*" will retain seat and voice.

Denmark.—Danish affairs are again becoming complicated. Ministry on the point of resignation.

Rome, Oct. 10.

Italy.—A rumor has been in circulation for several days that the British Consul here had received instructions to report upon the Protestant Church, and the exercise of the Protestant religion in Rome; in fact, a report had got into the papers some time since, that an English Protestant chapel was about to be erected there, and as this is a subject that must interest your readers, I have taken some pains to inquire if there was any truth in the matter, and I have ascertained that he has sent the report home through the Florence Legation.

I mentioned in a former letter, that a Maltese of the name of Balbi had been searched and ill-treated by the Roman Police at Civita Vechia, on the 5th of August last, and I also expressed the opinion that the demand of Mr. Freeborn, the British Consul, to the Roman Government, that the parties who committed so gross and indecent an outrage be punished, would be supported by Lord Palmerston. Such appears to be the case, as the British Government insists in very unequivocal terms upon the individual receiving prompt redress and justice.

From the Overland Friend of China.

Progress of the Rebellion.

China.—A few days after the last mail left, Commissioner General Seu took his departure from Canton, avowedly determined on reaching the seat of war in the Kwang-si province. The following translation of letters received a short time ago gives some detail of his movements since that time:—

On inquiry we learn that at Woo-chow-foo, in Kwang-si, the rebels are daily becoming more numerous, on which account his Excellency Seu, Governor General, is staying at Shaou-king, to report progress to the Emperor, this being the adjoining district to Woo-chow. It has been ascertained that his Excellency Seu has received money from all the civil and military officers, in addition to the large sums voluntarily offered, so that it is proposed to plunder him, and an opportunity is earnestly sought for capturing his person, and it is hoped that he may be enticed to an interview.

At present his Excellency Seu is in a regular strait, and is running about to everybody for advice, and the most confused orders are published in the Canton district.

Greece.—*The Ober Post Amts Zeitung*, of Frankfort, has letters from Athens, of the 24th ult., which say that the King intends to abolish the 40th article of the Constitution, which declares that no prince can succeed to the Greek throne, unless he professes the Greek religion. It is this proviso that has hitherto been an obstacle to the settlement of the question of succession.

If the Ministry turn restive on this point, the paper quoted says it will resign.

In this university professorships are to be established in the different branches of the law and equity, who are to lecture as the professors do at Oxford or Cambridge. It is also proposed to abolish the immense fees which are at present charged for "entering."

Mr. Gutzlaff, the famous Chinese missionary and scholar, died at Canton on the 9th August last, in the 48th year of his age. He was by birth a Pomeranian, and was sent to the East by the Netherlands Missionary Society in 1827; and after spending four years in Batavia, Singapore and Siam, he came to China in 1831. Being of an erratic disposition, within the next two years he made three voyages along the coast of China then comparatively unknown. On the death of the elder Morrison, in 1834, Mr. Gutzlaff was employed by the British Superintendency as an interpreter, and was employed in that capacity during the war. He afterwards received appointment of Chinese Secretary to the British Plenipotentiary and Superintendent of Trade in which office he died.

A proposal is made in the London papers over the signature of Edward Riddle, U. S. The Volkshalle and the Commercial.—Subjoined is a translation of the *Volkshalle's* quiet and good-tempered rejoinder to the *Commercial's* explanatory article of Wednesday last.

We publish the article at full length, for our own satisfaction and that of the Commercial.

Our readers will observe by it, that the Sentinel is actually the cause of the whole misfortune. That paper must see how to extricate itself from that difficulty.

Our readers will also be aware of the frank confession, "that party zeal often leads to disregard the means." They are able themselves to appreciate the same fully.

We suggest to the Commercial two things in reply:

First—we are of opinion that precisely while under the influence of excitement, and principally in his conduct towards his opponents and enemies, a true gentleman shows himself to be such.

Second—we believe that it is not more difficult to understand the English of the Commercial than that of the Sentinel; we need no interpreter from the Sentinel to enable us to understand it. We can find our way ourselves, and know, also, how to defend ourselves, if necessary, (the Commercial is probably aware of the fact,) without other help.

The article in the Commercial appeared on Nov. 1st, and we replied in our evening paper of the same day, before the number of the Sentinel, noticing it, had appeared.

The Commercial and others will also find in future, that we are able to stand up for ourselves, and are not greatly in need of advisers or patrons.

If the Commercial ceases its warfare against us personally, we are satisfied on our part: for we dislike to intrude our personal quarrels upon our readers.

Fatal Accident.—On Monday last, as the workmen engaged at the lumber yard of Messrs. Truesdell & Durkee were piling lumber, a piece of scantling which was standing on its end, fell over and struck a man by the name of Cook upon his head, knocking him down. The wound was so severe that he died from the effects in a few hours. He leaves a wife and family, who are in deep affliction and sorrow.—*Kenosha Telegraph.*

Another Fatal Accident.—A child of Mrs. Barret, who lives on Exchange street, was sadly burned by its clothes taking fire during the absence of its mother, on Wednesday afternoon. It lived about 20 hours, and was between four and five years old. The season of the year is approaching when more or less of these accidents happen, and it behooves mothers and others who have the care of children, to exercise the greatest watchfulness.—*Kenosha Telegraph.*

TAPSCOTT & CO'S
General Emigration and Foreign Exchange
AGENCY.

NEW-YORK: W. & J. T. Tapscott & Co., 86 South Street.
LIVERPOOL: W. Tapscott & Co., St. George's Buildings.

ARRANGEMENTS FOR 1851.

AS the season for emigration approaches, we beg to acquaint our friends and the public with our Arrangements for the year 1851, and would inform them, that with an increase of business—for which we are indebted—we are placed in possession of greater facilities for conducting the Emigration and Foreign Exchange Business than any other House in the World, and for which—that great increase—we have to thank a discerning public for their continued patronage.

Since the commencement of last year a large number of magnificent ships have been added to the various popular lines for which we are the Agents, and several others are now in course of construction, all of which will be fitted up for passengers in the most superior manner, under our [illegible] experience.

By the following List of Packets, and their dates of sailing—leaving one or more packets a month to and from Liverpool—four to and from London—and two to and from Glasgow—persons sending for their friends, or those proceeding to the "Old Country," will perceive it much to their advantage to make arrangements at our office; and as heretofore, our house in *Liverpool* will be under the personal superintendence of our Mr. W. TAPSCOTT—whose well known care and attention to passengers embarking by our house has won for him his present high reputation among the emigrating public.

LIVERPOOL PACKETS.

During the past year our Liverpool House have dispatched, in addition to the above extensive list of packets, the following well known ships, and in order to meet the wants of the emigrating public, they will continue to select such other first class vessels as may be required during the year 1851—viz:

Persons residing in the United States or Canada, who wish to send for their friends in any part of England, Ireland, Scotland, or Wales, can make necessary arrangements on application to the subscribers, and have them brought out by any of the above favorite lines of packets, or by first class merchant ships, on favorable terms, either by way of Liverpool, London, or Glasgow, and their frequency of sailing precludes the possibility of delay. Passage can also be secured from *Liverpool* to New Orleans, Baltimore, Boston, Charleston, and Savannah, *direct*.

☞ *A weekly line of Packets for New Orleans.*

Drafts and Bills of Exchange.

Drafts can at all times be obtained at our Office, for large or small amounts, on all the principal places in Ireland, payable at sight, for any amount, from £1 sterling upwards, without discount or any other charge; also Drafts on Messrs. W. Tapscott & Co. Liverpool, and on Messrs. James Bult, Son, & Co., Bankers, London, payable throughout England, Scotland, and Wales.

TO EMIGRANTS FOR THE FAR WEST.

Having the most extended arrangements for conveying passengers from New York to the Far West, of any house in the Trade, we are enabled to offer them any mode of conveyance, whether Railroad, Canal, or Steamboat, at prices as low as are usually paid for the worst possible conveyances, and with a certainty of their not being subjected to any delay or imposition on the route. Pamphlets with full descriptions of all the routes, with rates of fare for any place on the American continent—including California—can be had gratis. Every information given on application, either personally or by letter, addressed to

JOHN DWIGHT & CO'S
SODA SALÆRATUS

MAY be found at the Sugar Warehouse of Goodrich & Hunter, No. 12 East water-st.

The attention of the public is called to this article as being superior to Pearlash Saleratus in its effect—giving cookery a more delicate appearance and flavor; and also as more wholesome—Soda being more congenial to the human system than Potash. It is more economical than Pearlash Saleratus—a less quantity being required to produce the same effect. The article is put up in pound papers with full directions for use.

Also may be found, John Dwight & Co's

Washing & Cleansing Powders,

which will be found, on trial, a very superior article, saving much labor of washing Clothes, &c. It will soften hard water. To Engineers and Machinists it is invaluable for removing grease from Machinery and other iron works, leaving the iron perfectly dry, and not liable to rust.

Directions for use are printed on each package.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of expansion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last four years, this Company have issued 2800 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the fullest assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST
Double Oven Cooking Stove,
(*Which received the First Premium at the State Fair, lately held at Janesville,*)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other mode, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of any articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

TAKE NOTICE!
PATENT
BEDSTEAD.

THE undersigned now offer to the public a new article of Bedsteads, entitled "HINKLEY'S PATENT SUSPENSION BED BOTTOM AND FASTENING," which possesses, as they believe, a decided superiority over every other kind now in use.

The advantages of this Patent are, first, the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "BUG PROOF." For these reasons, it is believed to be not only the best, but the cheapest Bedstead that can be used!

In enumerating its advantages, the proprietors only repeat the statement of competent persons in this city, and elsewhere, who have had the best opportunity of judging of its merits.

FACTS WILL ALWAYS SHOW!

and when we say that one firm in New York (Troy) manufactured and altered over [under this Patent] TWELVE THOUSAND Bedsteads within two years, and that in the eastern cities,

ONE HUNDRED THOUSAND

Have been made and altered, we tell nothing but the truth, and exemplify the advantage, luxury and economy of this Patent over all others now or heretofore in use. These Bedsteads have been adopted at the Astor House, N York; Troy House, Troy; Mansion House, Troy; Irving House, Troy; Marvin's U. S. Hotel, Saratoga; Globe Hotel, Syracuse; Blossom's Hotel, Rochester; U. S. Hotel, Buffalo; Burnet House, Cincinnati; American House, Massillon, O., Neil House, American House, Capital House, U. S. Hotel, Buckeye Hotel, Columbus, O.

This patent received the

HIGHEST PREMIUM,

at the late Fair of Rensselaer county, N. Y., New York, Albany; State Fair, Erie county, Buffalo; Rensselaer Co. State Fair; Wayne county, O., Stark county, O., and numerous others.

MILLARD, BOLTON & CO., Proprietors of the above Patent, may be found at the Furniture Warehouse of J. F. Birchard, No. 21 Spring-st., 3 doors east of the American House, Milwaukee, where application for Rights of Towns or Counties will be promptly attended to.

Persons wishing to have their bedsteads remodled on the above plan, will please leave their names with Mr. Birchard, at the above named place, where they will meet with prompt attention. These Bottoms are considered preferable for Lounges or Trundle Beds, and will be inserted for the sum of $1.25.

In conclusion, we are free to state to a discerning public that after giving the above Bed Bottom a fair trial, they will award to us the merit of not overrating the good qualities of the "Patent Suspension Bed Bottom," and we confidently look for a liberal encouragement from a common-sense public.

MILLARD, BOLTON & CO.

P. S. Any person infringing on the above Patent, will be prosecuted according to law.

A New and Valuable Improvement in Bedsteads.

We, the undersigned, citizens of Milwaukee, having examined "Hinkley's Patent Suspension Bed Bottom," now being introduced into this city by Millard & Co., pronounce it far superior in all respects, to any thing of the kind that we have heretofore known either in this or any other State. Its superiority over all others consists in the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "Bug proof."

We feel, too, that for cleanliness, it does not cost any more than the common wood screw, (the expense of the cord and sacking bottom being saved) and for practical utility it must in fact supersede all kinds heretofore used. We would therefore cheerfully recommend it to the citizens of Milwaukee, and the public generally.

THE BEST FEMALE MEDICINE KNOWN!

The peculiar maladies to which females are subject commonly produce great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines in strength there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every candid woman who has suffered from female complaints will admit this to be the melancholy truth. Now, to obtain relief, it is only necessary to stop the tendency to depletion and debility. This is done by renewing that fountain of health and strength, the BLOOD, and no medicine accomplishes this desirable result so speedily and completely as "Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla."

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to bloom and to vigor.

☞ Dr. Guysott's Improved Extract of Yellow dock and Sarsaparilla is a sure remedy for Hereditary taint.

Females, Read the Following.

NEWARK, N. J., Jan. 25.

Mr. Bennett—We take pleasure in stating that your Yellow Dock Sarsaparilla gives great satisfaction in every case. A very respectable gentleman informed me that his daughter was troubled with difficult menstruation and other diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time; but by the use of Dr. Guysott's Yellow Dock and Sarsaparilla was radically cured. She used Townsend's and others without receiving the slightest benefit. He had one daughter die from the same cause.

J. B. TRIPP & Co.

HINMANSVILLE, Oswego Co., May, 1848.

S. F. Bennett—Dear Sir: I purchased, a short time ago, a bottle of your Yellow Dock and Sarsaparilla for my wife, which she has used for her complaint, Erysipelas and weakness, Falling of the Womb, etc., and it has already helped her very much. Of the Erysipelas it has effected nearly a cure. I have just purchased a second bottle, and judging from the effect of the former feel confident that it will effect a perfect cure.

Yours, very respectfully, N. COBURN.

Cure of an aggravated case of Erysipelas.

The cures performed by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The patient's general health continues to improve after disease is removed. Cures are not chronicled until time has fully tested that there can be no relapse or return of the disease.

NORWAY, Herkimer Co., Feb. 1850.

S. F. Bennett & Co.—Gents: It is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son, who has long been suffering under that dreadful, loathsome disease, Erysipelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill perseveringly for five months without any beneficial effects whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless—there could be nothing done to arrest those terrible gangrening ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had cured a child of scrofula with your invaluable medicine, wished me to make a trial of it, and more from the restless desire to do something while life lasted, than from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla," and commenced using it, and to my astonishment, he commenced to improve before he had used the third bottle, and before he used half a dozen bottles, he could walk out. He used in all twelve bottles during the year '49, and by October last he was perfectly restored; every vestige of the disease except the scars was removed, and he remains in perfect health up to the present time. His recovery, under the blessings of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and I assure you that I feel myself under great obligations to you, and it is with great joy that I inform you of what your Sarsaparilla has done for my son.

Respectfully, JAMES RUSSELL.

TO THE PUBLIC,

THE introduction of Dr. John Bull's unequalled Sarsaparilla, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a subject of great astonishment, and even commanded the admiration of the American people. When the history of this truly wonderful medicine is known, together with the extraordinary exertions made by Dr. Bull, to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress will no longer be a theme of astonishment.

Twenty-six years since, Dr. Bull, then a boy, came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Byers & Butler, Dr. T. E. Wilson, and the lamented L. George, Jr. After leaving the service of Dr. Wilson, Dr. Bull was employed by Dr. F. Scorch, an old and celebrated German physician of this city, and who was for many years Surgeon in the Grand Army of Napoleon. Dr. Scorch, during his life, made a fluid Extract of Sarsaparilla for the especial use of the physicians of this city, and which was considered at that time by far the most superior article made. Dr. Bull was employed by Dr. Scorch in compounding this celebrated Sarsaparilla, and he then conceived the idea, and finally fully determined (seventeen years since) to introduce at some future period, for the consideration of the afflicted, a preparation of Sarsaparilla.

Since that time, his mind has been constantly employed in studying the ingredients, and experimenting to find a complete, safe, and valuable compound of Sarsaparilla such a one as would be acknowledged by physicians as undoubted in its efficacy, and hailed by the afflicted with demonstrations of joy. By close and unremitting study, he at last succeeded in gaining the desired end. His Extract having been several years before the public, and its merits completely tested, he confidentially appeals to the thousand certificates of its wonderful cures, and hence for its great superiority over all other similar compounds. It is therefore a matter of no surprise, that the question is frequently asked,—"Why don't Dr. Bull's Sarsaparilla continue to advance in the favor and confidence of the public, when all other similar preparations, which have preceded his, have been cast aside as unworthy of the slightest notice?" The it is not required, yet this question is easily answered. Dr. Bull has not worked alone for pecuniary preferment; gain has not been his sole object; he has had a higher and a nobler aim constantly in view—that of relieving the sufferings of his fellow-creatures. Unlike those who compound a good article for a short time, that they may gain a reputation, and having attained the object of their wish, reduce their article, by leaving out its most valuable ingredients, to a worthless, mixture, in order to accumulate wealth. Dr. Bull has continued to use the costly ingredients, which his long study and experience enabled him to discover, and which have been of such invaluable service to suffering humanity. He seeks to gain an unspotted reputation not only for himself, but also for his renowned Sarsaparilla; and it is a fact worthy to be recorded, that every gallon of the Sarsaparilla sold by Dr. Bull is made with his own hands, and under his immediate Superintendence. For several years past, he has been daily experimenting in administering his mixtures without charge, to patients pronounced incurable; and to his eternal fame be it recorded, his efforts have been crowned with the most wonderful success. His Sarsaparilla has now gained such a wide spread reputation, and been established upon such a solid basis, that he is firmly satisfied of its undoubted merits, and confidently challenges the combined Medical skill of Europe and America to produce one of Sarsaparilla, a superior preparation to his Fluid Extract.

Dr. Bull would here like to introduce a few of the many testimonials of the wonderful effects of his Sarsaparilla; but to publish the one quarter of the astonishing cures effected by the use of this truly great Medicine, would require a volume of five hundred pages, and the Doctor has to be satisfied by offering the opinions of a few distinguished men, believing that these opinions will be sufficient to induce all who are afflicted to give Bull's Sarsaparilla a trial.

TESTIMONIALS.

Rev. E. W. Sehon—Rev. E. Stevenson.

The following is a verbatim copy of a certificate now in the possession of the proprietor of Bull's Sarsaparilla. Rev. E. W. Sehon is widely, and generally known as an eloquent and accomplished Pastor of the M. E. Church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern.—Can the world produce better, or more satisfactory testimony in favor of my medicine?

Louisville, May 20, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used with entire satisfaction; and we have no hesitation in stating that we believe it to be a safe and valuable medical compound, and calculated to produce much good, and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

(Signed) E. W. SEHON,
E. STEVENSON.

Testimony Like the following, renders superfluous all comments on the efficacy of Bull's Sarsaparilla.

From Doctor L. P. Yandell, Professor of Chemistry in the Louisville, Medical College.

I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable.

Louisville, June 6, 1848.

Better Testimony than was ever offered in favor of any Medicine.

From Dr. James M. Moore.

Dr. John Bull—I have no hesitation in saying, that I believe your Sarsaparilla to be the best article ever manufactured for the cure of scrofula, syphilis, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.

Louisville, Dec. 26, 1847. J. M. MOORE, M. D.

More Testimony from Dr. Moore.

Mr. John Bull—I am using your Sarsaparilla in several new cases of scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

What Dr. Pyles, Physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla.

Louisville, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

A VALUABLE DISCOVERY

FOR THE

INSTANT CURE OF PAIN.

RADWAY'S

READY RELIEF,

CURES THE WORST DISEASES IN MINUTES AND HOURS, AND STOPS THE MOST CRUEL PANGS IN SECONDS.

So quick and efficient is Radway's Ready Relief in stopping pain and curing diseases, that it has frequently raised the diseased and hopeless invalid from a bed of sickness in a few hours. It has cured the worst pains of

RHEUMATISM,	In four hours.
NEURALGIA,	In twenty minutes.
TIC DOLOREUX,	In ten minutes.
TOOTH-ACHE,	In three seconds.
SICK HEAD-ACHE,	In three seconds.
NERVOUS HEAD-ACHE,	In fifteen minutes.
SOUR STOMACH,	In five minutes.
HEART-BURN,	In five minutes.
BOWEL COMPLAINTS,	In thirty-five minutes.
CRAMPS and SPRAINS,	In twenty-five minutes.
DIARRHEA,	In one hour.
INFLAMATION of the BOWELS	In thirty minutes.
LOCAL INFLAMATIONS	In ten minutes.
INFLUENZA,	In twelve hours.
HOARSENESS,	In ten hours.

Special complaints, swellings, bruises, sores, wounds, &c., it will relieve ten times quicker than any other remedy in use.

LET THOSE WHO SUFFER PAIN TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen.

IT IS BETTER THAN ALL OTHER REMEDIES.

HERE IS THE PROOF!

There is no other remedy that claims to subdue the cruel pangs of pain in seconds, minutes, or even hours. They require the patient to use dose after dose before a favorable change is promised. Not so with Radway's Ready Relief. Its effects are instantaneous; the first dose, the first taken, or the first external application, commences its great work of relief from pain.

SICK HEADACHE CURED IN 20 MINUTES.

Radway's Ready Relief has cured over 8000 cases of Sick and Nervous Headache during the past season. In the Western States where this distressing complaint is so general, Radway's Ready Relief has cured every case where it has been applied. Our agent at Romeo, Michigan, writes: "Out of our Village of 1000 inhabitants, Radway's Ready Relief has cured 750 persons of Sick and Nervous Headache, Weakness, Fainting Spells—curing many of the worst cases in the incredible short time of 15 minutes. It is now surpassing every kind of Medicine we have here, in arresting pain and curing diseases of Nervous, Rheumatic, and of Billious type."

LADIES' BEDSIDE COMPANION.

Radway's Ready Relief from its universal applicability for all Pains, Aches, and Complaints incident to this country, writes our agent at Rockford, Ill., is looked upon as a Godsend. "Our ladies will not even go to bed unless they have a bottle of Ready Relief within their reach; and our men will not venture out of their dwellings without a bottle of this safeguard in their pockets. It cures all Pains and all Aches; Headache, Faceache, Toothache, Backache, Earache, Stomachache, Pain in the Limbs, in the Joints, the Muscles, the Legs, Feet, Arms, Shoulders—wherever and whatever the pain may be, it is instantly subdued by the use, either internally or externally, of Radway's Ready Relief.

RHEUMATISM CURED IN 20 MINUTES.

It has cured Mr. T. Freely, of 679 Water-st., who was confined to his bed for nine months, who tried every Liniment, Sarsaparilla, Life Balsam of any popularity, without one hour's relief. Radway's Ready Relief stopped all the pain in twenty minutes. Mr. Freely is now in good health. It cured a lady at Clifton, Va., so writes Ray Jones of that place, "In two hours, of Chronic Rheumatism." It cured a gentleman from Sing Sing, who had the Rheumatism for Six Years, in twenty-four hours,—so says the Hudson River Chronicle, published in that place. If there is a person in this city, now suffering with Rheumatism, Neuralgia, Nervous, Tic Doloreux, who has tried all other remedies advertised, and has not been cured, we invite you to call upon us at our office, 162 Fulton St., N. Y., and we will warrant you a speedy cure.

WEAK AND ENFEEBLED, VICTIMS OF NEURALGIA.

Radway's Ready Relief possesses a far more potent power over this class of diseases, than Morphine, Quinine, Strychnine, or any other Nervine in use. It stops the pain quicker, is free from all poisonous or debilitating properties. It is entirely vegetable, and as innocent as the snowflake. More powerful than all the Nervous Anodynes, mixtures of Sarsaparilla &c., in use. Its first action is to harmonize the acute sensibility of the nerves—to give strength, vigor and action to the nervous energy; to invigorate the functions and secretions of every organ in the system to a free and healthy action; to give a quickened action to the liver and tone to the stomach; to regulate the action of the bowels and secretions of the skin, and carry out of the system all morbid, poisonous and refuse humors; to give health to the body, to strengthen the nervous energy of the whole system; to change the weak, enfeebled, worn out, broken down constitution, to a healthy, robust, joyful, strong and hearty being. A teaspoonful of Radway's Ready Relief, taken internally three times per day, and by applying it externally when pain is present, will do all this.

MARRIED LADIES

Should make use of Radway's Ready Relief as a bath. Its invigorating and relaxing properties softens the flesh, gives strength, elasticity and suppleness to the joints and limbs. Moreover, it is a powerful regulator of the secretions and functions of every organ in the system. Married ladies, by bathing every night with Radway's Ready Relief, at a particular period, will avoid much of the pain attending them on certain occasions.

COUGHS AND COLDS.

Radway's Ready Relief will instantly stop the most troublesome Cough. It has cured hoarseness time and again, in a few hours. Taken internally, it enables the patient to expectorate freely, removes all inflammation, swelling and irritation of Bronchical organs, and by bathing externally the neck, throat and chest, it produces a quicker action to the skin, the patient perspires freely, it removes the pain from the throat and gives strength to the lungs.

ERUPTIONS OF THE SKIN.

By adding a table spoonful of Relief to a table-spoonful of Olive Oil, it will stop the most painful itching of the skin in a few minutes, and entirely cures Salt Rheum, Ring Worm, Itch, Burns, Sores, Scalds, &c.

ELEGANT TOILET REQUISITES.

To Enhance and Embellish the Charms of Beauty.

Radway's Medicated Soap, so favorably known through the fashionable world for its extremely bland, purifying and soothing effects on the skin; while by its action on the pores and the minute secretory vessels, it expels all impurities from the surface, allays every tendency to inflammation, and effectually dissipates all redness, pimples, spots, freckles, discoloration and other cutaneous eruptions. The radiant bloom it imparts to the cheek, the softness and delicacy which it induces of the hands and arms, its capability of soothing irritation and removing cutaneous defects, render it indispensable to every toilet.

Another Scientific Wonder!

Dr. J. S. HOUGHTON'S

GREAT DYSPEPSIA CURER!

THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Pepsin is the chief element, or Great Digestive Principle of the Gastric Juice—the solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER.

Dr. Houghton's PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription Vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ OBSERVE THIS.—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicines.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur."

from which the above cut was taken. By it we can take the exact shape, and unerringly fit the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats to make them fit them. By this ingenious contrivance, the severe great annoyance is done away, as the Hat is made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the Cash System (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25, surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so with the confident assurance they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.
